PACKING INDUSTRY L.L.C

Manufacturer of Disposable Food Packing Products

OUR JOURNEY

2011

Prestige Packing Industry has undoubtedly come a long way since its establishment in 2011. Its focus on manufacturing disposable aluminum containers, lids, household foils, food wrapping cling films, and later venturing into microwave food containers, has allowed the company to diversify its product range and cater to various segments of the packaging industry.

2018

The significant growth experienced in 2018 reflects the company's ability to adapt to market demands and deliver products that meet the needs of its customers. This growth likely resulted from a combination of factors, such as product quality, innovation, and effective marketing strategies.

2022

The decision to establish a manufacturing unit in Saudi Arabia in 2022 was a strategic move that expanded the company's regional presence and market share. Entering new markets can be challenging, but the success and reputation of Prestige Packs likely played a crucial role in facilitating this expansion.

2023

The year 2023 saw further expansion for Prestige Packing Industry, we focused much concentration to serve our contribution in paper industry. As part of this vision, we expended our production line to paper core tubes, paper cups and inaugurated our own in house printing unit. the company's commitment to catering to additional industries beyond its initial product line, which could open up new opportunities for growth. Furthermore in 2023 , opening a new branch in Oman in the same year demonstrates the company's determination to solidify its position as a prominent player in the packaging industry across the Middle East.

Leading Manufacturing Company in Middle East

Prestige Packing Industry LLC" is established in United Arab Emirates at 2011 as a premium food packaging in Dubai company manufacturing disposable hygienic Aluminium foil food containers, lids and house hold foils. Within a limited span of time company achieved an innovative and meaningful role in the fast growing disposable food packing industry of Middle East and south Asian markets.

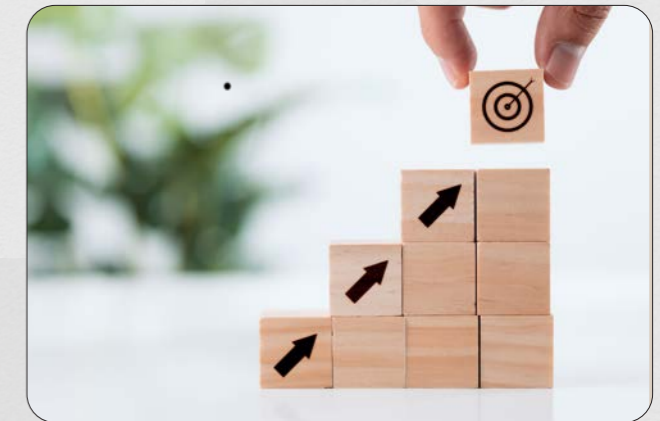

OUR VISION

At Prestige, our vision is to be the unrivaled leader and preferred choice in the global food packing industry. We aspire to redefine industry standards, setting new benchmarks for excellence, innovation, and customer-centricity.

OUR MISSION

Prestige is dedicated to establishing itself as the foremost provider of premium-grade food packaging solutions in the United Arab Emirates and beyond. Our unwavering mission is to deliver exceptional products that surpass the exacting demands of our discerning clientele, while upholding uncompromising standards of quality, affordability, and dependability.

ALUMINIUM CONTAINERS

Prestige Pack's premium aluminum containers. Crafted from high-quality aluminum, our containers offer durability and reliability to securely store and protect your food products. Available in various shapes and sizes, our containers cater to a wide range of packaging needs, from individual portions to family-sized meals. Equipped with tight-sealing lids, our containers keep food fresh and prevent leaks, ideal for both hot and cold foods.

Designed for convenience, our containers feature smooth edges and stackable designs for efficient storage and transport. Made from recyclable materials, they are a sustainable choice for eco-conscious businesses. Impress your customers, maintain food quality, increase efficiency, and support sustainability with Prestige Pack's aluminum containers

the perfect choice for serving hot and cold beverages in various settings such as cafes, offices, parties, and more. Designed with both functionality and aesthetics in mind, these cups provide an exceptional experience for every sip.

Our Paper cups are the go to solution for businesses and individuals looking for a reliable, eco-friendly, and stylish way to serve beverages. Enjoy the perfect balance of quality and convenience with every cup.

Features:

-  Material: High-quality, food-grade paper
-  Design: Stylish and versatile, suitable for any occasion
-  Durability: Leak-proof and sturdy construction
-  Convenient Size: Ideal for serving a quick coffee, tea, or any cold drink.
-  Hygienic: Single-use cups ensure cleanliness and reduce the risk of contamination.
-  Durability: Leak-proof and sturdy construction

PAPER CORE

A paper core is a cylindrical tube made from layers of paper and adhesive, used to provide structural support for winding materials like paper, fabric, plastic films, and tapes. Known for their durability and recyclability, paper cores are essential in various industries, including manufacturing, packaging, and textiles.
